Re: Horses standing at 66 High Riding Estate, Sir Lowry's Pass

To whom this may concern:

Good day,

I visited Sarah Milton Equestrian Centre on Thursday as her new appointed farrier.

In my professional opinion as a registered farrier with the SAAPF and qualified farrier with the F.I.T.S, I can safely say that all horses that is being kept on this property is in a sound condition and can be used for outrides.

All the horses' feet look aesthetically not very good, but that is due to incompetent and unregistered farriers working on these horses and neglect from the farrier side to maintain the feet in a proper manner previously. I can tell that Sarah do cares for all her horses and only wants what is best for them.

I have done Cody (Chestnut, Half set) and Domino (Pony) on the 14th of November 2024 and I will do Red (Red Bay, Full set) and Cotton (Dark Bay, Half Set) in this week.

Photos can be sent after all the horses are done in this cycle. Updates can also be requested at any time.

If you have any questions or queries regarding these horses, please do not hesitate to contact me at 083 782 3451.

Kindest Regards

Roelof Burger

CF (F.I.T.S)
