Upon arrival I met with Zaundre. She knew why i was there, however I didn't realize that she is the complainant. She told me that her father is nerver there and doesn't take care of the dog. I recall being there before and he had moved the dog. I observed the German Shepherd male dog named Rickson. It is underweight and is presenting what looks like slight hip dysplasia or very early onset. He has access to adequate shelter, water and a clean living environment. I issued a warning to provide adequate veterinary attention within 72hrs.
