**FINDINGS**

Upon inspection, i saw the person in question walking with his dogs and stopped him. I observed a adult dog tied to the cart that he was pushing to prevent the dog from running away or in front of a vehicle. The other adult dog and her 3 puppies were being pushed in the cart while they were laying in the suitcase that was open. He told me that he dont have a permanent place where he stay so he keep his dogs with him when he dis moving around in the area as previously, his dogs got stolen. He also mentioned that on Tuesday morning when he woke up, his puppies were gone and when he found them, 1 puppy was dead. The dogs and puppies all appeared in good health and condition.

No APA contravention was found.
