Comments, if any:

While I was driving to the property, I was stopped by the lady who was driving Toyota Tazz, she claimed to be the complainant on the case, she then made a turn, in order to show me the houses. She led me into Brenda Close and showed me the old faeces that were on the Close. She also showed me the houses.

On my arrival I have met with a man who appeared to have a bad attitude towards me, after I have introduced myself, and explained the nature of the complaint, he responded by saying the owners of the dogs are not at home, he was not interested as he left on the gate.

However, while I was standing from the main gate, I have observed two cross breed dogs that appeared to be thin, and their coat was not looking well, I was unable to take the pictures as the man went around the house. I didn't see the shelter, the water and the food.

Based on what I have issued the warning as follows.

1. To provide your dogs with adequate food on a daily basis.
2. To take both dogs to the veterinarian for adequate treatment within 48 hours.
3. To contact the SPCA within 48 hours

The warning was signed and accepted by the neighbor (Fatima) from house No 6 Brenda Close.
