Comments, if any:

The correct address is no 75 Oystercatcher Road.

On my arrival, i found no one at the property, i have observed a unsterilized male Pitbull, he was tan and white in colour, the dog appeard to be in a fair condition.

The dog was placed on the running chain that appeared to be suitable, however the chain from the running cable was long and that allowed the dog to jump and sit on the fence, that may cause the unnecessary strangling.

There was a wooden shelter , there was drinkable water and the living environment was not dirty.

While i was standing from the gate, i was approached by the meighbour from No 94, who told me that the owner of the dog was not home, she called him to let him know that there is SPCA onto the property.

Then she handed her cellphone over to me, i have spoken with a guy who introduced himself as Shzan with cellphone 072 926 0680, i told him the nature of complaint ,at the beggining, he said his dog will never jump over the fence and there is nothing wrong with the length of the chain.

I tild him that we have seen a lot of these cases where the dog hanged himself, then he agreed that he will make the chain shorter to prevent the dog from jumping and sittinng on the fence.

The concern was addressed by the notice that was sighned by the neighbor Ms Rochelle Jacobs from no 94. To be rectified within 48 hours.
