Comments, if any:

On my arrival I found no one at the property, I have observed the dog that was chained up on a static chain that appeared be long enough for the dog to roam around, the dog still appeared to have fleas around her eyes, the dog still appeared to be thin, there was no water provided to the dog as well as the food

The third and final warning was issued as follows.

- 1. To provide the dog with adequate food on a daily basis.
- 2. To provide the dog with clean water at all times.
- 3. To take the dog to the vet within 72 hours.

The warning was attached on the door.

It think we need to do a final check if there is no improvement we need to take the matter
