**Comments, if any:**

Upon arrival at the property I met with owner by the name of Brandon Johnson and addressed the welfare concerns recieved and he allowed me inside the property. He informed me that the dig in question was an old dog and he took the dog this A.M to AACL epping for the dog to be humanely euthanized due to old age. I went to the back area and observed 2 x dogs free roaming on the property with access to drinkable water and sufficient space to roam around freely, the dogs are in fair condition as well with access to shelter against the elements by the kitchen door as area is adequate against the elements.

The dig in question has been euthanized and is no longer on the property and I educated the owner that If he has a old or sick dog to immediately seek veterinary attention without any dealys
