FINDINGS

:

Comments, if any:

Upon arrival at the location provided I met with owner Shenay spence 0712700627 with a

Pitbull by the name slim black/white male. The dig as per the owner is very protective of her and a guy was approaching her but dig tried to bite the guy which the guy used what he had in his hand to protect himself and stabbed dog once with a steel rod like thing and ran away. The dig did not appear to be severely wounded but just a scrach on its back that appeared to be healing up now and dog is given antibiotic tablet that the owner had from her AACL meds as dog was injured previously and a wound ointment as well. The wound is not severe and dog won't die from it, the owner also upon my arrival was cleaning the affected area. I will follow-up again Friday on the progress of the wound ointment and dog
