General Report Comments: Upon my arrival, i met with Delmarie. She told me that the owner is at work and said that she will phone us today. She granted me access and took me to the back of the property where the 2 dogs were kept. Both dogs were on static chains. She told me that dogs bite people and there were no fence that separate them from their neighbors at the back of the property. 1 dog had access to shelter in the form of a plastic kennel but the other dog didn't have access to shelter. The living environment was fairly clean. The dogs didn't have access to water but I instructed them to give the dogs water immediately, which they did. Both dogs appeared in a fair condition.

I issued a warning to:
(1)provide the dogs water at all times.
(2)provide the dogs adequate shelter within 7 days.
(3)place the dogs on running chains within 7 days and gave them a leaflet
