General Report Comments: Upon arrival I conducted the inspection without owner being home as previously discussed with owner to ensure the animals have access to adequate shelter. I observed the dogs in question who all appear to be in fair condition and alert with body scores of 3/5. I observed that they have access to adequate water, shelter as the extra shack had been left open and a clean living environment.

Owner has complied, but I would like to conduct another inspection to ensure shack stays open.
