General Report Comments: Upon my arrival at the property I met with the owner named Jeremiah who allowed me access on to the property where I could do my follow-up inspection.

Upon my follow-up inspection I observed only the 2 brown dogs who are free roaming on the property, they both in good condition, water and shelter is available and the living environment is clean aswell. I did not see the white dog that had the injured leg.

I then spoke to the owner and he told me pdsa charged him R2000 to fix the leg, he informed me that he told pdsa his a pensioner and can't afford it so they told him to sign the dog over. I then went to pdsa Bridgetown and they have no record that the owner was there, pdsa spoke to the lady that feeds the dogs in the area named ivonne and she also confirmed the dog is not there.

I informed supervisor Rudi about the situation and was advised I do a spot check next week.

Will follow-up again next week
