General Report Comments: Upon my arrival at the property I met with the owner named Jeremiah who allowed me access.

I walked the entire property and only observed the 2 brown dogs who are free roaming on the property, the dogs has good condition, water and shelter is available and the living environment is clean aswell, both dogs are sterilized. I did not see the white dog.

I then spoke to the owner and he explained to me it was a African lady that took the dog and she works for pdsa, the owner also added this African lady sits in reception next to the coloured lady . I spoke to supervisor Rudi and was informed to close the case as we have tried everything to find the dog.

I see no contraventions of the animals protection act 71 of 1962 therefore this case can now be closed.NFA
