General Report Comments: On my arrival, I met with a guy who introduced himself as the neighbor, he allowed me onto the property, after I have told him about the nature of the complaint, he allowed me to search the house, we proceeded to outside of the house,

I didn't see the rubbish bin according to the owner, who arrived few minutes after my arrival, her bin was taken by City of Cape Town, as it has broken wheels, she mentioned that a few weeks ago.

I didn't see the seal, at the back I only saw the dog and the tortoise, I told the owner that she doesn't have a right to keep the tortoise as it is a wild animal, I told her that, she needs to have the permit to keep the wild animals, that include the seals, the snake, the monkey, baboon etc

All the animals that I have observed at the property appeared to be in a fair condition.

There was water provided to the dog, however there was no shelter and the living environment was not clean, there were old faeces.

The warning issued based on the concerns that I have observed.

1. To provide the dog with adequate shelter within 72 hours.
2. To clean the living environment within 24 hours.
