CHECKLISTS

General Report Comments: On my arrival, I was accompanied by oir Law Enforcement officers, with the other 3 Law Enforcement members.

We have met with a woman who Introduced herself as Washilah Solomons , after we have told her the nature of the complaint, she allowed us onto the property, and said there are no animals, she gave us the authority to search the entire house,

we could not get any animals, Washilah told us that, ever since I confiscated dogs on the property, she doesn't want any dogs or animals at the property.
She was clueless about the dog that was taken to PDSA.

I had to issue a warning as follows.

1. It was brought to our attention that you have an animal that has prolapse, and you have refused treatment because you do not wa to sterilize the dog.
2. You need to take the dog to the vet within 24 hours for adequate treatment.
3. If the dog doesn't belongs to the property, you need to provide us with the address where the dog belongs within 24hours.

The warning was signed and accepted by Washillah, who promised to give to Salie Solomons.
