CONFINEMENT OF ANIMALS Static Chain - inadequate length ** Unclear

General Report Comments: Upon arrival I met with Anthea and her mother. I explained my reason for being there. They were very uncomfortable with my presence.

The dog named Crasher was on a 10meter static chain for clear reason. They said it helps her rest. I told them to untie her immediately and they did. She has acces to adequate shelter, water and a clean living environment. Crasher also has a skin Condition.

I issued a warning to unchain the dog immediately and to provide veterinary treatment within 96 hours. (There seems to be financial constraints)
