General Report Comments: Upon arrival I met with Stephen and his staff at the racing market. He had animals in an enclosure, some were roaming freely in the enclosure however the rabbits were in cages.

I explained to him my reason for being there as well as my findings. He told me that this is a temporary situation and that they let the rabbits roam freely and put them in cages when the kids are there so that there is enough space for them to pet them.

I instructed him to let all the rabbits and Guinea Pigs free.

He presented his PAPA license. It is up to date.

I issued a warning for overcrowding and mixing species that could cause harm to others by fighting.
