General Report Comments: Upon inspection, i met with ANGELIQUE. The 2 dogs were free roaming on the property. They had accesd to water and a clean living environment. They had access to adequate shelter. Both dogs appeared in a fair condition. She told me that she give the dogs pallets but don't know the brand as they buy the cheapest once that they can get as well as mixing tin food and that the digs get fed once a day. She told me that she don't know why the 2 pitbull dogs were underweight as they ate everyday and was still active and wanted to take them to a veterinarian but didn't have the money. She told me that she does want them back and will make a plan to come to the SPCA to claim them.
