Comments, if any:

Upon my arrival, i met with ANGELIQUE. The 2 dogs were free roaming on the property with access to water, a clean living environment and adequate shelter. She told me that she took the dogs to AACL but they wanted R300 per dog and since she don't work, she can't afford it so AACL GAVE both dogs worm tablets. She showed me the packet that it came in. She also told me that she is planning to by Shampoo today or tomorrow for the ticks and fleas. I explained to her that the instruction given to her was that the dogs must be seen by a veterinarian.

I issued a warning to provide both dogs with adequate veterinary treatment within 48 hours and provide a veterinarian report
