Comments:	Called Respondent, Nur, 0739187080. He told me that he is at the property everyday day. He told me that this property belonged to his late mother-in-law, and the estate is being resolved. He stays in Kenilworth, but comes to the property everyday, and leaves at about 16h00 to return home. He is available for an inspection tomorrow, just to be aware that he will not be at the property feom about 12 noon until 14h00, as he goes to Mosque. He wanted to know if we could contact him before we come to the property. Area Inspector to follow up tomorrow
