General Report Comments: On my arrival, I met with the man who introduced himself as Uzair, he claimed to be the owner of the horses, as well as the chickens, he claimed that he bought the horses from people who are failing to to maintain them, I wanted to know about three chickens that he owned, he claimed that he got them in Beaufortwest, when he was there for a horse show.

All the animals appeared to be in a fair condition, there was drinkable water and there was food, the stables appeared to be adequate as the horses they can be able to move around, the stables had dry sawdust as a form of bedding. However on the roof of the stables, there were spider webs and there were lot of flies, the owner claimed that he is using the Equine Flyrepel to prevent flies.

I have advised the owner to buy the flycatcher and to remove all the spider web within 72 hours, all the concerns were addressed by the warning
