General Report Comments: On my arrival, I met with a man who Introduced himself as IGSHAAN Allie, he allowed me onto the property after I have told him the nature of the complaint.

I have observed two adult dogs and 6 puppies, the mother dog called Cocco appeared to be thin like a rake, the ribs, the hip bones were sticking out, the claimed that the dog had puppies recently, I told him that is not a good excuse for the dog to be looking like that.

Both dogs were chained up on short static chains, there was no water, and the living environment was not clean, there was rubble, wooden planks around the dog, both dogs were placed infront of the house

The warning was issued as follows.

1. To provide the dog with adequate food on a daily basis. Especially the dog called Coco as sje is still breastfeeding.
2. To provide the dog with drinkable water at all times.
3. To take the dog to the vet within 72 hours for adequate treatment and provide the SPCA with vet report.
4. To remove all the rubble within 72 hours.
5. To place both dogs on running chains within 7 days.
