Comments, if any:

On my arrival, i found no one at the property, as we have the owners cellphone number, I called him, he said, I need

to give him 10 minutes, he is on his way.
On his arrival, he told me that, the male dog was taken by his friend, however he doesn't know his address, he also mentioned that, he will have the money to take the thin dog to the vet on Friday, I said no, the dog need to be seen by the vet as soon as possible.

Then he decided to surrender the dog over to SPCA, I wanted to know about the puppies, he said there are people who wanted them, I told him those puppies are still young to be without their mother , he will have to let them go with their mother. He agreed, altogether were five puppies.

I brought sid dogs in as unwanted, we need to go back to the property to do a follow up inspection on the male dog.
