General Report Comments: Upon my arrival, I met with the manager, Sergeant Musembi Tshangu, and explained why I was there, and he allowed me to do my inspection. I observed 3 tanks measuring approximately 10 to 12 cm by 100 to 120 cm. Two of the larger fish did appear too large for the tank, and although they could turn around, it was with difficulty and effort. Another smaller fish in the same tank was observed practicing avoidance by hiding beneath the tank's filter. Serge then called the owner, Duncan Wong, so that I could explain my concerns. Duncan told me he'd take the 2 larger gild fish home, and I requested that he WhatsApp me proof thereof. I then issued warning 14370 to Duncan instructing him to move the 2 large fish to a tank affording adequate space and free and comfortable mobility and instructing him to move the fish practicing avoidance to another tank or provide his fish with additional hiding space. Serge signed the Warning on Duncan's behalf and moved the 2 smaller fish (including the one that hides) into one of the other tanks with smaller fish. I told Serge he must monitor their behaviour and ensure they don't now bully the smaller fish. Feedback is due by 16:00 on Monday, 09 December 2024.
