CHECKLISTS

General Report Comments: When I was on the given street, I decided to call the complainant, to find out if she still sees the kittens or not, The complainant confirmed that the kittens are no longer at the property. The complainant would like to be given the feedback.

Then we have agreed that, I will call the owner to find out where the kittens were taken to, At approximately 17h06, I called the owner, who told me that, the kittens are no longer at the property, he mentioned that,

I am welcomed to come and check, I told him that, no there will be no reason for that as I am trusting him, however, I would like to know where they were taken to, as I would like to assist by sterilizing the mother, he replied by saying, he told someone who normally comes where he worked, that he like to get kittens,

and the person brought him two kittens, he further told me that, after the arguments with one of the residents, he decided to returned them back, he told me that, he doesn't know where the owner leaves, however he will speak with her when she comes to his work place and request her to bring the cat in order to be sterilized.

I think we may do a follow on him during the week.
