Comments, if any:

Upon follow up I met with Naseem and he allowed me into the property to conduct a follow-up inspection, I immediately saw the GSD free roaming on the property with access to water and shelter available. The dog is no longer kept in the room as owner now is surrendering the breed which the gsd will now free roam the property. The breed was then loaded into the vehicle as a surrender along with it's pubac tablets.

We can follow-up in a weeks time to ensure that God is free roaming the property
