Comments:	This is the same property for 208740 which I am currently handling. The correct address is 5 Mimosa Close, Faerie Knowe and I need to discuss a court order with Rudi but we have not been managing. On Friday I went there with Tariq and Briadene denied us access for the first time stating that they were dealing with death in the family. She then showed me invoices from TEARS but I'd still like to discuss this with Rudi before going back. Warrant Application to be discussed so a final follow up can be conducted and the dogs removed if necessary. These cases must also please be combined as each case has different content relevant.
