Comments: Unfortunately i am not sure what happened to the original report i submitted on the 19th December 2024.

I arrived at the given address and found Anika Jantjies who was taking care if the dog whilst the owner is in prison. The dog in question was a black and white male cross breed with a broken front right leg. She refused to surrender the dog even though she told me that she could not take it to the vet and it had been 4 days since it was knocked by a car. There were no other dogs seen at the time of my inspection

I explained to her why the dog needs immediate veterinary treatment, even then she refused to hand it over saying that we olny wabt to kill the dog. I told her that i was confiscating the dog. She got aggressive, threatened to stab me, grabbed the dog and ran off within.

I chased her in the bakkie, eventually she got tired and signed the dog over.

No further action required.
