Comments:	I phoned and spoke to the respondent. He told me that he has been looking after the dogs for a week now as the onwer is out of the country and will only be back at the end of March. He stated that he is a manager at a restaurant in town so he leave at 6am and only get back at around 10pm and that is when he go around to the property and check on the dogs, give them food and water. He told me that he can only make himself available on Wednesday at 8am and can only be there for 30 minutes. I asked him to send photos of the dogs living environment so long. I have discussed the case with shift supervisor, inspector Rudi and said that the after hours inspector will have to attend to the case on Wednesday morning as the dogs are not abandoned .
