REPORT

Access granted by: Bongiwe

Were any animals seen on the property? No

FINDINGS

Upon arrival at the property I met with bongiwe and informed her of my visit. She unfortunately informed me that immediately after I left the warning last week the cat disappeared and they've been looking for the cat in question, they still haven't seen it yet. I looked inside the house and outside but saw nothing inside. The animal seems to be no longer on the property but we can do a final check in a weeks time
