Subject: Dog with painful leg

Dear Sir / Madam

I have been informed that there is a dog with a very painful leg, which I don't think is being treated, and he lives at the corner of Mimosa and Palm Avenue in Faerie Knowe, Fish Hoek. It is a brick house. Apparently the SPCA have been to this house before. A few of the residents here are worried about the dog. Please can you help? Please do not give them my name.
Thanks and regards,
Heather
