General Report Comments: Upon my and cadet inspector Tariq arrival at the property we met with the owners brother named zandre who was high on drugs at the time of arrival, he allowed us access.

We observed the dog chained again, the dog has good body condition, water is available but the shelter is not adequate as there's just a roof but the dog is still exposed to the elements, the living environment is clean.

I instructed them to unchain the dog immediately which they did.

I issued a final Warning:

1. To provide the dog with adequate Shelter within 5days.
2. To unchain the dog immediately and allow the dog to roam freely at all times
