CHECKLISTS

General Report Comments: Upon my arrival, i met with Ruwayda. She got someone to go and look for the onwer of the dog. I conducted my inspection while I was waiting and observed that the dog is still on a static chain, living in dirty condition and don't have access to adequate shelter. The dog appeared in a fair condition. The onwer named Gregory then arrived. I explained to him that this is the final warning and he understood.

I issued a final warning to:
(1)provide the dog with adequate shelter within 7 days.
(2)clean the living environment within 7 days.
(3)place the dog on a running chain within 7 days
