General Report Comments: Upon arrival, the owner Mr Jan Smith granted me access. He immediately said that he will surrender the cat over to the spca. He signed for the cat to be surrendered. The cat had facila scars and appeared to be semi paralyzed from the waist down. It appears as though it may have been knocked by a car.

I also saw a xbreed dog that was tethered in the yard, the owner says that he loosens the dog at night but tied it during the day as the kids keep leaving the gate open.

I told him that he will have to put up a running chain and I gave him a pamphlet.

Notice to comply issued to:
