CHECKLISTS

General Report Comments: Upon arrival I met property owner who gave me access onto property as I shared received concerns. He told me that they do not own any cats, but that I am more then welcome to check. We went through the house to the back of the property, but I did not see any signs of cats living there. He did mention that neighbors cat come on to their property every now and they lay in their garden as they have nice shade, but that's all.

I then asked control for the contact number of the complainant, but was told there is not one. Due to findings this case has to be closed.
