General Report Comments: Upon arrival I met both owner and his partner who gave me access onto property. They told me that they have not been able to take the dog to the vet as they say they tried calling AACL to find out when they would be open and also the Uber driver they called refused to put the dog in his car. I then told them they will have to find someone with a bakkie to escorted them with the dog as the dog cannot be left to suffer any longer or that they will have to surrender the dog . Julian refused to surrender the dog. All the dog's have access to adequate water, shelter and a clean living environment.

I then issued a NTC for the owner: Provide your dog Mia with adequate veterinary treatment within 72hours to avoid further action being taken.
2) Provide proof of such treatment to the Cape of Good Hope SPCA in above given time frame .
3) Should you not be able to provide above mentioned you have the option to surrender the dog to the Cape of Good Hope SPCA.
