General Report Comments: Upon our arrival we met with a lady named Magda Green. She granted us access. We observed 1 German shepard dog named Zena. Zena is not underweight. We observed 1 DSH ginger cat named Astral. She is 14 and overweight but otherwise in fair condition. We lastly observed 1 dsh black cat named Powpow also in fair condition. All animals are sterilised and have access to clean fresh water and food. We asked Magda and her husband to act as if they were going to hit Zena and the dog was only interested in her ball and didn't react. The dog's behaviour is also confident and and playful and she didn't even react when I acted as if I was going to hit her.
