General Report Comments: Upon our arrival we met with the owner. He said his dog has been sick but the dog appeared energetic. We told him he'd be contacted for sterilization of Rocky after 6th Jan, however, if the dog's symptoms worsen, he must call us. The dog was sick all night but he changed the dogs food. We expalined changing food slowly to prevent the dog getting sick but he's worried because the puppy hasn't been vaccinated yet. I told him to contact us if the symptoms worsen.
