General Report Comments: Upon arrival accompanied by LEO M.ALEXANDER. We were granted access by the owner Zoleka. She was very aggressive before we even introduced ourselves. She was shouting that we are not taking her dog.

Her son took us to the back of the yard where the dog rests. Its a side shack without a door at the back of the property. The shack is dirty and full of rubble. The cross breed dog named Sissy was in there already giving birth. She had already given birth to 5 puppies.

Zoleka agreed to surrendering some of the puppies in a month and getting the dog sterilised.

I issued a warning for the following:

1. To hygienically clean the dogs living environment within 72hrs and maintain it.
2. To provide adequate potable water 24hrs daily.
