General Report Comments: Upon my arrival at the property I met with the owner named lizahn and her mother Cecelia who allowed me access on to the property where I could do my inspection.

Upon inspection I observed the dogs on the property who are all free roaming on the property, the dogs are infested with external parasites, water and shelter is available and the living environment is clean. I spoke to the 1 owner lizahn and informed her it appears they not able to look after the dogs so they must rather surrender the dogs over to the spca of which they did, Cecelia however did not want to surrender her dog over to the spca, I informed her she will need to seek veterinary treatment and get parasite control for her dog.

I issued 2 warnings:

Warning 1:

1. In future if any of your animals are sick, injured or compromised in any manner seek veterinary without delay.

Warning 2:

1. Seek veterinary treatment within 72hours.
2. To groom the animal within 72hours (parasite control)

I will follow-up on Friday
