CONFINEMENT OF ANIMALS Static Chain - inadequate length ** Kids are scared of the dog

General Report Comments: Upon arrival, Mrs Skippers came out and immediately told me after I introduced myself and that I am from the spca, that they actually want to surrender the dog but are scared it will be put to sleep. I told her I can't say if it will be or not. She called her husband and he said we can take the dog.

The dog was on a short static chain with a chain as a collar. The dog is in good condition.

The owner signed the dog over to the spca and I issued her with a notice stating that if they need to chain their animals and have no other option, they must be placed on a running chain. I also provided out contact details incase they would like to make a query.

Case can be finalized, no other animals on the property.
