General Report Comments: Upon inspection, i met with Heinrich. He told me that he is the complainant and his sister is the onwer of the dog but when she heard him speaking on the phone with the SPCA, she took the dog in question and left with it and he dont know where to. He told me that there is another dog on the property that also belong to her and took me to check the living environment. The dog was free roaming inside the an enclosed area on the side of the house. The dog had access to water, a clean living environment and adequate shelter. The dog appeared in a fair condition. I asked him to do an affidavit regarding his sister that took the dog before I got to the property .

I issued a warning to contact the SPCA before 09H00 tomorrow
