Re: "FAITH" ZIEGELASCH REFERRAL

This is to state that I have examined "Faith", a 15 year old Staffie belonging to MR R ZIEGELASCH of 2 Reenen Lane, Table view on 2/4/2024.

"Faith" has a massive lump on the left shoulder. She is too old to contemplate drastic surgery on the lump. She shows no pain related to the lump.

She is on anti-inflammatory drugs for arthritic elbows and lumbar spine. The spinal arthritis does not cause much pain but does result in weakness of the hind legs.

Yours sincerely
