STATES UNDER OATH IN ENGLISH:

On the night of 19.3.2024 round about 2:10 our dog was attacked by a pitbull. My husband and I awake because we heard our dog crying. My husband looked out of the window and saw a pitbull already having onto our dog's neck. We don't know how the dog came into the yard as the gates was closed. There were 4 guys standing in the road watching the dogs. I asked them how the dog came into the yard and what dog it was they just pointed at each other. My husband and brother struggled to get the pitbull away from our dog. After + 20 minutes they managed to get the pitbull away from our dog. We called the police and she came out and as they was driving in the road saw 3 guys passed the house. They stopped them and asked what they were doing. They could answer very they was on the street that time of the night. SPS took the 3 guys to the police station. I called the emergency SPCA as well and they came out after the police and took the aggressive pit bull with them. The SPCA inspector was twice at our home to check on our dog.
