## Client Consent

I, the undersigned, an adult major thereby authorize for my pet to be admitted into the clinic by the veterinarians and staff of this veterinary facility - Mdzananda Animal Clinic.

1. I understand that Mdzananda Animal Clinic staff will perform medical and surgical (including anesthesia) procedures as deemed necessary including further or alternative measures if required during the course of hospitalization.
2. I recognize that there is some degree of risk attached to any medical or surgical treatment/procedure and I have discussed any concerns I may have with the veterinarian/veterinary nurse/Animal welfare assistant. I hereby absolve the staff of this facility from all outcomes arising directly or indirectly from hospitalization, treatment, anesthesia and surgery for my pet.
3. I am aware that this facility does not provide 24hr monitoring of patients. Should I wish to have my pet monitored 24hrs a day while hospitalized I will make arrangements with the staff of this facility to take my pet to a 24hr hospital and I understand that all the cost to and at the other facility are entirely my own.
4. I grant this facility permission to use drugs off label (not necessarily licensed for use in my pet's species or for the specific condition my pet has) under veterinary supervision.
5. I understand that its clinic's policy to sterilize all animals before discharge (if not already sterilized) and give consent for my pet to be sterilized before returning home. I understand that this is done in the best interest of my pet's health and quality of life and in accordance with the animal keeping by laws of south Africa.
6. I understand to keep in contact daily to enable staff to inform me of the progress and any additional treatment required for my pet and all the costs involved. If I fail to do so I understand that the veterinarians will take a decision on my behalf to do what is best for my pet.
7. I grant the clinic permission to re-home or euthanize my pet if I haven't collected or contacted the clinic within one week of my pets discharge. The clinic will make every effort to contact me on the details I have provided but I accept responsibility to contact the clinic if I have not heard from the clinic each day my pet is staying in the hospital.
8. I accept full responsibility for any costs incurred in the treatment of my animal and understand that the money is non-refundable regardless of the outcome of the treatment.
9. I grant this facility permission to photograph my pet while in the care of the facility and to use such images for public relations purposes.
10. I understand that this facility is POPI compliant and by signing this document I have given the facility permission to collect my information. I also acknowledge that I will access the detailed information re compliance from the official website should I want to.
11. I hereby declare that I am unable to afford private veterinary care rates thus choosing your facility to treat my pet for their veterinary care.

I have read and understood the terms and conditions listed above.
