Warning Issued No Warning Number N/A Follow-up action \_\_\_\_\_

Which days/times are the best to inspect? Mornings

Comments by Inspector:

This inspection had been carried out by Inspector Rowan Davids and Ferrent from the education department.

One sheep had been identified, and pointed out to the owner, with a broken horn. This was rectified immediately and the owner put some terrimycin spray on.

No other contraventions observed during the inspection. The animals had access to food, water and shelter.
