

VETERINARY REPORT

To whom it may concern

On 5 September 2024 at approximately 16h00 I was presented with a dog, Cody(A34280) collected from 35 Patrys Street Kuilsrivier.

ANIMAL DETAILS

Species: Dog
Breed: Pitbull
Sex: Male, intact
Age: Adult
Tattoo/Microchip/Other: Nil
Name: Major
Description: Tan and White
Case number: A34280

EXAMINATION FINDINGS

- **Description** of the condition: When I examined the dog, I found the following pathologies:
Body condition score of 1, severe emaciation and dehydration.
Coat condition fair.
Mucous membranes pale pink.
No other lesions or abnormalities present.
- **Duration** of the condition
Chronic.
- **Prognosis** – Poor
- **Recommendation** – This animal has been physically neglected by all accounts.

COMMENTS

In my opinion this animal suffered unnecessarily as a result of neglect, poor husbandry and absence of veterinary care.

Yours sincerely

Dr K Henzen (BVSc)
Veterinarian
