Subject: S v Warren Davids // Case: S590/23

Good day Colleagues.

I trust this email finds you well.

Please see the attached for your consideration. The 105A is in word format so that the defence may provide input as to mitigation. Please feel free to make amendments as you see fit, this is just the skeleton. The matter may still be resolved by 112 if the accused wishes to do that, however the State would be in a position to argue for Costs in terms of Section 4, which I think, given the circumstances, the Accused wont be in a position to pay.

If you have any questions, I'm here to help. Have a great week.

Yours Sincerely,

Shiven Bodasing
