Subject: Neglect/sarcoptic mange

Good morning

Female puppy - 674 Cupido Street, Bellville South (enter through large gate that's circled, bungalow is at the back by the portable toilet)

I spoke to her owner who didn't have a justifiable reason for leaving her puppy to suffer with sarcoptic mange for the last 2 weeks; she has also been smeared with car oil in an ignorant bid to get rid of the mange and is now made to sleep outside with no shelter as they think it's contagious .
