Subject: Reoccurring neglect

Good evening

Caesar & Rambo - 185962

I saw these two boys last night and was genuinely horrified to find that the roof of the second kennel that's kept in the backyard, was completely broken (apparently due to the sun) therefore rendering its use completely..and winter is on its way. As I have reported repeatedly before in the past and can now be seen again in the photos below, the backyard looks like it's had multiple dirt bins emptied into it and is most definitely no place for any animal to safely occupy.

Kind regards

Jessica Robertson
