| Type:           | CASE DISCUSSION NOTE                                                                                                                                                                                                                                                                                            |
| Follow-Up Date: | 2024-01-15                                                                                                                                                                                                                                                                                                      |
| Comments:       | Werna claimed that he called the complainant, to request the statement, however the complainant was not aware about the case, it is my belief that no one is willing to forward with evidence on this case, therefore I think we need to collect the puppy for sterilization and close the case further notice. |
